# THE GROUP

## We in words

Racing Force Group is the global leader in motorsport safety, innovation, and performance. Through its portfolio of brands – including OMP, Bell Racing, Zeronoise, and Racing Spirit – equips professional drivers, teams, and manufacturers, as well as passionate amateurs, with racewear, helmets, car parts, communication systems, and technical apparel.

Racing Force Group is the only company in the motorsport industry to offer such a comprehensive range of products, contributing each year to numerous victories and titles in both car and kart racing. The Group has also diversified through its HPS brand, applying cutting-edge motorsport technologies to the defense sector. After successfully completing the integration of its brands, Racing Force became a dual-listed company. Since November 2021, it has been listed on the Euronext Growth Milan market (RFG) and, as of September 2022, on the Euronext Growth Paris market (ALRFG). Racing Force Group thus became the first company in its sector to trade its shares publicly.

The Group has a global presence across three continents, with headquarters in Ronco Scrivia (Italy), Sakhir (Bahrain), Mooresville (USA) and Tubize (Belgium). It operates research and production centers, logistics hubs, and Pro-Shops, and employs over 600 people from more than 35 nationalities. Racing Force relies on well-established relationships with professionals worldwide, selling its products in over 80 countries, supported by the largest dealer and distributor network in the motorsport industry.

The Group's core values and work ethics are centered around integrity, respect, dedication, determination, diversity, sound judgment, dependability, accountability, teamwork, loyalty, quality, and safety. Racing Force Group achieves success through a positive mental attitude, optimism, vision, courage, proactiveness, and passion - its true driving force.

## RACINGFORCEGROUP

# THE BRANDS

## OMP

Founded in 1973 in Genoa, Italy, OMP is a global leader in motorsport safety, specializing in the design and production of racewear, car parts, and accessories. As one of the few industry players capable of delivering such a comprehensive range of products, OMP adheres to the most stringent homologation standards, including the ones from FIA, CIK-FIA, SFI, and Snell. With a legacy of achievements and continuous innovation, OMP has collaborated with motorsport icons like Ayrton Senna and Michael Schumacher, contributing to world titles across multiple championships and disciplines, between circuit racing, rallying and karting.

## BELL RACING HELMETS

Bell Racing Helmets is the world's leading supplier of helmets across all forms of car racing, including circuit, rally, and dirt racing. Founded in 1954 in the United States, Bell still remains benchmark for safety, innovation, performance, and engineering excellence, delivering the most advanced line of auto racing helmets globally. From the very beginning, Bell helmets have been trusted by more champions across all racing disciplines than any other brand, solidifying its reputation as the most iconic name in head protection for motorsport.

## ZERONOISE

Established in 2019, Zeronoise is the electronics division of Racing Force Group, specializing in the engineering, development, and manufacturing of communication technology for the sports industry. Zeronoise's product range includes intercom systems for rally racing and the patented Driver's Eye - the world's most compact real-time TV broadcasting microcamera, utilized in some of the most prestigious motorsport competitions. Through its joint venture with Al Kamel Systems, Zeronoise also offers advanced timekeeping, TV graphics, data management, and race control solutions, further enhancing the accuracy and entertainment value of motorsport events.

## RACING SPIRIT

Racing Spirit was created with a clear mission: to channel the passion and heritage of OMP - a brand that has worked alongside the most successful teams and drivers for over fifty years - into premium clothing and accessories. Forged in the fiercely competitive world of motorsport, Racing Spirit has also become a trusted name in other demanding sectors, such as boating. The brand offers a comprehensive collection of apparel for men and women, designed and developed in Italy, blending style, comfort, performance, and functionality.

# PARTNER OF THE FIA

## FIA Motorsport

For over a decade, Racing Force Group and the FIA have been jointly committed to ensuring the protection of people in motorsport. This collaboration began in 2012 with the first deal between OMP and the sport's governing body, and was further strengthened with the involvement of Bell Racing Helmets.

## FIA Motorsport

Safety equipment for FIA officials and safety car drivers in every FIA World Championship is exclusively provided by the Racing Force Group brands: OMP for fireproof suits, shoes, gloves, and underwear, and Bell Racing for helmets.

## FIA Karting Academy

Furthermore, since 2017, OMP has served as the official supplier to the young talents of the FIA Karting Academy Trophy, now structured into Junior and Senior championships.

# ALWAYS PUSHING THE LIMITS

**1973**

OMP history begins with a Fiat 500 rollbar. Since then, OMP gets noticed more and more, becoming official car parts supplier for many Italian teams and manufacturers.

**1982**

OMP diversifies its production, entering the racewear market. The company soon supplies its first Formula 1 driver: Mauro Baldi of Arrows team.

**1986**

OMP is the world's first company to obtain the new FIA ISO 86 homologation standards for fireproof racing suits.

**1989**

Gerhard Berger survives the flames of his Ferrari, after the crash during the F1 race at Imola. Credit goes to fireproof overalls and gloves made by OMP. Millions of people see those moments on live TV, and the company becomes popular all over the world.

**1990**

OMP supplies F1 star Ayrton Senna. The partnership will last until the death of the legendary Brazilian driver, with 20 race victories and two world F1 titles scored together.

**1996**

Michael Schumacher kicks off his Ferrari era choosing OMP overalls and gloves. It's the start of a historic collaboration, sharing 71 wins and five F1 world titles.

**1999**

OMP ends in style the 20th century, celebrating the fourth consecutive World Rally Championship title along with the Mitsubishi Ralliart team and Tommi Mäkinen.

**2008**

In February the control of OMP is acquired by SAYE S.P.A. Group, held by Delprato brothers from Genova.

**2010**

OMP returns to Formula 1, signing an agreement with Renault F1 Team to supply its first safety belts designed and built entirely by its R&D department.

**2012**

OMP conquers the US celebrating its maiden IndyCar Series title with Andretti Autosport driver Ryan Hunter-Reay.

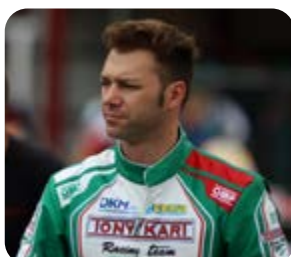

**2013**

Volkswagen Motorsport opens a four-year WRC domination with Sebastien Ogier and OMP. It's the first of many world titles for the HTE seat.

**2013**

OMP provides the drivers' overalls for award-winning "Rush" movie directed by Ron Howard, reproducing in detail the 1976 F1 season look.

**2016**

OMP marks a revolution in the karting sector with the launch of the first ever fully printed suit, the KS1. A new partnership with OTK Group, owner of the Tony Kart brand, also begins.

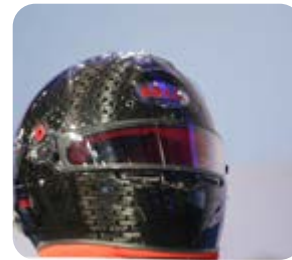

**2017**

OMP presents "One Art", the first totally customized fire retardant suit. The Print Art technology guarantees complete control of the design process.

**2017**

OMP harnesses are chosen by Mercedes AMG Petronas Motorsport Team, which extends its Formula 1 Manufacturers' World Championships streak till the 2021 season.

**2019**

OMP acquires Bell Racing Helmets, giving birth to the biggest worldwide player in motorsport safety equipment.

**2021**

OMP and Bell Racing unite under the newly formed Racing Force Group, together with emerging brands Zeronoise and Racing Spirit, strengthening their leadership in the safety industry.

**2022**

MotoGP legend Valentino Rossi begins his full-time car racing career, using OMP racewear and Bell helmets through a multi-year partnership.

**2022**

OMP supplies Toyota Gazoo Racing WRT for the third World Rally Championship Manufacturers' title in five years, while Kalle Rovanpera becomes youngest ever WRC champion.

**2023**

OMP becomes official partner of the 24 Hours of Le Mans and the FIA, supplying safety gear for marshals, safety-car drivers, doctors, and all the on-track personnel.

**2023**

Envision Racing wins an historic FIA Formula E Teams' World Championship using the OMP racewear for its drivers.

**2024**

As a new partner of Team Penske, the most successful racing stable in America, OMP celebrates victories at the 2024 Indianapolis 500 and secured its first-ever NASCAR Cup Series title.

**2025**

OMP, together with Bell Racing and Racing Spirit, becomes an official partner of the highly anticipated Formula 1 movie. The collaboration includes supplying racewear, helmets, and team uniforms for lead actors Brad Pitt and Damson Idris, as well as the entire APX GP team.

**2025**

OMP enters a multi-year partnership with adidas Motorsport to provide racewear solutions, including race suits and gloves, engineered to meet the highest standards of performance and safety for drivers and teams.

**2025**

OMP introduces the revolutionary Air fabric technology for racewear, establishing a new benchmark with the launch of the One Art Air, the world's most breathable racing suit.

## SEAT BRACKETS FIA APPENDIX J ART. 253

HC0-0830 € 366,00 (C)

Tall model equipped with a damper. Aluminium.  
Patented model. Length: 495 mm  
Thickness: 6 mm  
DAMPING ELEMENT to reduce vertical loads on the driver. Suitable for off-road.

# UNIVERSAL BRACKETS

## SEAT BRACKETS FIA APPENDIX J ART. 253

HC0-0731-B01 € 86,00 (C)

Tall model. Steel.  
Length: 350 mm  
Thickness: 3 mm  
Ultra strong material.

## SEAT BRACKETS FIA APPENDIX J ART. 253

HC0-0923 € 140,00 (C)

Tall model. Steel.  
Length: 495 mm  
Thickness: 3 mm  
Ultra strong material.

## ALUMINIUM BRACKETS

HC0-0925 € 172,00 (C)

Tall model. Aluminium.  
Length: 495 mm  
Thickness: 6 mm  
Ultra strong material.

FIA APPENDIX J ART. 253

# BRACKETS AND ADAPTORS FOR LOWER FIXING HOLES

## UNIVERSAL SUBFRAME

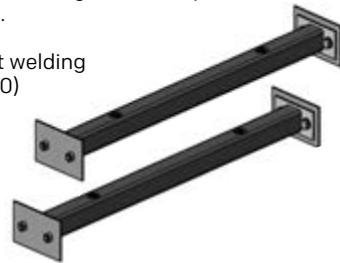

**HD0-0879** € 119,00 (C)

Weld-in universal seat subframe to be adapted to the shell of the vehicle. Two 35 mm squared pipes. Length: 600 mm

4 plates for direct welding to the body (80x60) thickness 3 mm).

4 plates for direct welding to the tube (60x40) thickness 3 mm)

4 buckles for welding M8.

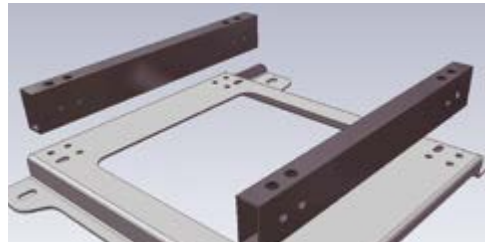

## SEAT BRACKET SPACER

**HC0-0857** € 129,00 (A)

Seat bracket spacer allows the seat height to be adjusted, depending on which side is used for mounting. Not FIA homologated.

**Height:** + 25 mm or + 50 mm above the vehicle specific adaptor.

## SEAT BRACKET SPACER

**HC0-0858** € 181,00 (A)

Seat bracket spacer to consent seat adjustment. **Height:** + 50 mm, + 62 mm and + 75 mm respect to the vehicle specific adaptor.

**Inclination:** 2.5° or 5° seat angle adjustments.

## STEEL BRACKETS

**HC0-0660** € 94,00 (C)

Pair of "L" shaped brackets to fit seats with lower attachment points (type Y) to side brackets. Steel. Thickness: 3 mm

## SLIDING RAIL

**HD0-0666** € 126,00 (A)

Universal couple of brackets for seat with lower attachments. Aluminium Not FIA approved.

## SEAT BRACKETS

**HC0-0665** € 52,00 (A)

Sliding rail kit to be mounted between the brackets and the seat. Steel. Not FIA approved.

## ADAPTORS FOR SEAT FIXING BRACKETS

**HC0-....** € 114,00 (A)

Search Complete Application List, for the complete list of available items also on [www.ompracing.com](http://www.ompracing.com)

# COMPETITION HARNESS

# TECHNICAL FEATURES

**A** Ultralightweight buckle with anti-unwitting opening system. FIA 8853/2016

**B** Professional buckle. FIA 8853/2016

**C** Professional ultra lightweight 2" quick release adjuster made of high strength forged aluminum, designed to minimize the weight and slipping of the webbing, ergonomic and compact.

**D** Professional ultra lightweight 3" quick release adjuster made of high strength forged aluminum, designed to minimize the weight and slipping of the webbing, ergonomic and compact.

**E** Professional ultra lightweight integrated quick release adjuster made of high strength forged aluminum, designed to minimize the weight, ergonomic and compact.

**F** Exclusive double pin T-bar crotch attachment

**G** Compact lightweight quick release adjuster made of steel and high strength aluminum, ergonomic and compact.

**H** Professional adjuster made of high strength steel.

**I** Ultra lightweight Dyneema®, the world strongest fiber™ straps with comfortable webbings.

**L** Lightweight polyester straps with comfortable webbings.

**M** Lightweight steel snap hook.

**N** Lightweight steel carabiner.

**O** Plate attachment.

**P** Snap hook attachment made of steel with high mechanical strength designed to improve performance and for optimum safety.

**Q** Webbing end sewn specifically for formula cars attach.

**R** Homologated for direct attachment to rollbars.

**S** Buckle fixed to the lap strap.

**T** Buckle fixed to the crotch strap.

**U** Runner for fixing intercom connectors.

**V** Runner for use with rubber bands - specifically for GT cars.

All safety harnesses can be customized upon request according to the customer needs

Homologated for use on:  
Petrol - class I  
Petrol + up to 30% ethanol  
or methanol (E30) - class II  
Petrol + up to 85% ethanol  
or methanol (E85) - class V

CEO-FAL4-A01 € 1.490,00 (C)

SERIE 4

- Homologated to FIA 8876-2022, the latest and most advanced FIA standard for plumbed-in fire suppression systems for open cockpit cars
- Covers a wide range of fuels, from petrol to E85 (CLASS I, II, and V)
- The extinguishing medium is:
  - Non-corrosive
  - Not electrically conductive
  - Residue-free (unlike foam or powder, it leaves no damage and requires no cleaning after discharge)
- The system becomes pressurized upon activation, allowing the extinguishant to discharge effectively
- Electrical system is waterproof and ready for installation
- ECU certified IP65 and IP67 for protection against dust and water

CD0-0391-A02 € 10,00 (C)

90° end connection, 1/8" shaped with quick attachments. Ø 8 mm

## NOZZLES

CD0-0410 € 104,00 (C)

Nozzle (cockpit) specifically for CESAL4E

## 90° CONNECTIONS

CD0-0415 € 12,00 (C)

90° end connection, 1/8" with quick attachments. Ø 8mm

## ADAPTORS

CD0-0420 ON REQUEST

8mm bulkhead fitting

## T CONNECTIONS

CD0-0407 € 11,00 (C)

Y shaped connection with quick attachments Ø 8mm

## T CONNECTIONS

CD0-0392-A03 € 8,00 (C)

1/8" connection, "T" shaped with quick couplings. Ø 6 mm

## 90° CONNECTIONS

CD0-0391-A03 € 6,80 (C)

90° end connection, 1/8" shaped with quick attachments. Ø 6 mm

## NOZZLES

CD0-0411 € 104,00 (C)

Nozzle (cockpit) specifically for CESAL5E

## NOZZLES

CD0-0393-A01 € 10,00 (C)

Atomizer nozzle (engine bay)

## ALUMINIUM PIPING

CD0-0323-A03 € 10,50 (C)

Aluminium tubing. Ø 6 mm L 3 m.

## FIRE PROOF SLEEVE

CD0-0324-A01 € 16,00 (C)

Fire resistant sheath 5m roll, Ø 10 mm

## REMOTE CONTROLLER

CD0-0453 ON REQUEST

Remote controller for ECU CD0-0380-A02/A04/A06/A08

## WIRING

CD0-0430 ON REQUEST

Wiring for remote ECU CD0-0380-A02 A04 A06 A08 C.

## WIRING

CD0-0410 € 104,00 (C)

Electric extinguisher valve cable w. jack.

## ENGINE BAY NOZZLES

CD0-0393-A02 € 9,80 (C)

Atomizer nozzle (engine bay)

## PIPING

CD0-0323-B01 € 61,00 (C)

Aluminium tubing Ø 6 mm - L. 3 m

## FIRE PROOF SLEEVE

CD0-0324-A02 € 16,00 (C)

Fire resistant sheath 5m roll Ø 6mm

## WIRING

CD0-0433 ON REQUEST

Extension to connect the bottle with AMP connector.

## WIRING

CD0-0431 ON REQUEST

M5 extension (for activation button CD0-0432 and remote controller CD0-0453).

## Y CONNECTIONS

CD0-0435 ON REQUEST

"Y" M5 connector to connect more activations buttons CD0-0432

## ALUMINIUM PIPING

CD0-0323-A01 € 10,50 (C)

Aluminium tubing. Ø 8 mm L 4 m.

## PIPING

CD0-0323-B02 € 65,00 (C)

Aluminium tubing Ø 8 mm - L. 5 m

## FIRE PROOF SLEEVE

CD0-0324-A03 € 16,00 (C)

Fire resistant sheath 5m roll Ø 8mm

## WIRING

CD0-0436 ON REQUEST

Wiring for Classic ECU CD0-0380-A01 A03 A05 A07

## WIRING

XMC-398-CAV € 18,00 (C)

Control box cable.

## PUSH BUTTON COVER

CD0-0441 € 9,00 (C)

Protection for M12 activation button CD0-0432

# REPLACEMENT PARTS

## CONTROL BOX

CD0-0398 € 129,00 (C)

Control box for electrically activated units with wiring harness 1,5 m

## BONNET PINS

CD0-0408 € 69,00 (C)

Fixing brackets with clamps for 130mmø. Anti-torpedo. (no picture)

## BRACKET

CD0-0309 € 27,00 (C)

Brackets for STEEL HAND HELD extinguishers Ecolife: CB0-0319-A01, CB0-0325-A01, CB0-0324-A01 ø 132 mm CB0-0326-A01

## CABLE

CD0-0335 € 24,50 (C)

Pull cable for mechanically operated systems.

## NOZZLES

XMC-390 ON REQUEST

Specific nozzle for Hand held extinguisher

## ACTIVATION BUTTON

CD0-0432-A02 € 25,00 (C)

Lenght 150 cm

CD0-0432-A01

Lenght 50 cm

M12 Activation button with M5 connector

## BRACKET

CD0-0418 € 52,00 (C)

Brackets:

CB0-0323-A01  
CE0-FAL4-A01

## BRACKET

CD0-0356 € 27,50 (C)

Bracket for ALUMINIUM HAND HELD extinguisher: CB0-0351-A01, CB0-0325-A01, CB0-0324-A01 ø 130 mm

## BRACKET

CD0-0561 € 39,00 (C)

Antitorpedo bracket and clamps for "serie 6"

## NOZZLES

XMC-CD00091 ON REQUEST

Specific nozzle for Hand held extinguisher

## PUSH BUTTON COVER

XMC-CD00094 € 9,00 (C)

Protection for M16 activation button EA0-0467

## COCKPIT NOZZLE BRACKETS

CD0-0409 € 28,00 (C)

Cockpit nozzle fixing bracket for: CD0-0410

## STICKER

XMC-855 € 1,00 (C)

Sticker.

## BRACKET

CD0-0600 € 49,00 (C)

Antitorpedo bracket and clamps for "serie 7"

## ACTIVATION BUTTON

XMC-CD00093 ON REQUEST

Waterproof push button for external control

## STRAIGHT CONNECTIONS

CD0-0394 € 7,20 (C)

Straight connection (1/4" junction).

## 90° CONNECTIONS

CD0-0391-A01 € 10,00 (C)

90° end connection, 1/8" shaped with quick attachments.

## BRACKETS

CD0-0405 € 32,50 (C)

Bracket for STEEL extinguisher CB0-0322-A01, ø 160 mm

## BRACKETS

CD0-0300-A01 € 17,00 (C)

Anti-torpedo tabs for mono brackets extinguishers (e.g. CEFAL3).

## WIRING

XMC-CAB-360E € 58,00 (C)

Control box cable.

## STRAIGHT CONNECTIONS

CD0-0395-A01 € 7,20 (C)

Straight connection (1/8" junction).

## T CONNECTIONS

CD0-0390-A01 € 11,00 (C)

T connection (1/8" junction).

## BRACKETS

CD0-0312 € 28,50 (C)

Brackets for STEEL HAND HELD extinguishers Ecolife: CAB-0316, ø 108 mm

## BRACKETS

CD0-0311-A01 € 19,50 (C)

Anti-torpedo tabs for double brackets extinguishers.

## CONTROL BOX

CD0-0360 € 272,00 (C)

Control box for electrically activated extinguishing systems. With new advanced electronic unit FIA 8865-2015 homologated. IP55 waterproof standard certified.

## T CONNECTIONS

CD0-0392-A01 € 8,40 (C)

1/8" connection, "T" shaped with quick couplings.

## BRACKETS

CD0-0404 € 27,50 (C)

Bracket only for OMP Sport CB0-0372-A01

## BRACKET

CD0-0400-B01 € 37,50 (C)

Antitorpedo bracket and clamps for CEFAL3.

## BRACKET

CD0-0401-B01 € 37,50 (C)

Antitorpedo bracket and clamps for CESAL3.

## CONTROL BOX

CD0-0360-SP ON REQUEST

Control box for extinguishing system - no activation button

The Wired-Wireless (WW) System enables communication between driver and co-driver both in Wired and Wireless mode. When the helmet is connected to the amplifier via cable, the communication works traditionally, also keeping compatibility with any Nexus communication system. When the helmet is NOT connected to the amplifier via cable, the system switches automatically to the wireless mode with no interruption whatsoever.

### COMPONENTS

- WW Zeronoise Fearless Amplifier
- WW Bell Helmet radio kits / Helmet radio kits produced by other manufacturers
- WW Zeronoise Headsets / Headsets produced by other manufacturers
- Extensions and adaptors (if needed for different connector systems, e.g. components produced by other manufacturers)

# FEARLESS WIRED WIRELESS

DIGITAL AMPLIFIER FOR RALLY USE  
125 x 70 x 35 mm

6100049 € 885,00 (Z)

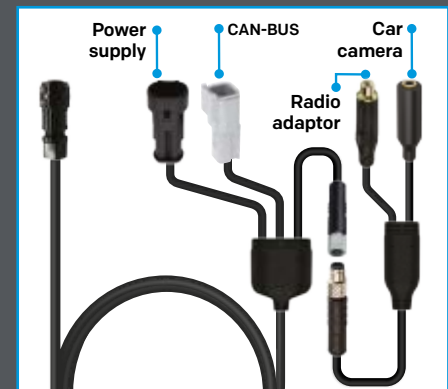

The Fearless Wired Wireless Amplifier is a fully re-engineered communication system built for durability and performance in rally and off-road conditions. It allows to switch seamlessly from Wired to a super low latency Wireless communication inside and outside the car. Rated IP65 for dust and moisture protection, it features a silicone keyboard, IP67 panel-mounted connectors, and a 36% larger display for improved usability. The ClearVoice™ technology ensures clear communication in harsh environments through voice isolation algorithms. Combining wired and wireless military-grade encrypted connectivity, it works seamlessly with Bell Mag-10 Rally Carbon WW and HP10 Rally helmets.

## FEATURES

- WIRED and WIRELESS communication
- Clearvoice(TM) technology with adaptive noise cancelling and voice isolation
- Multifunction touch display
- Bluetooth
- Anti shock, anti vibration silicon cover
- Dual volume adjustment
- Easy fix system on roll bar or dashboard
- IP67 connectors for protection and easy replacement
- CAN-Bus integration with the car's control system
- Full Wi-Fi control from smartphone or tablet

## INCLUDED IN THE BOX

- Audio Out for car camera
- Audio IN/OUT radio connection
- 12V Filtered power cable
- CAN-BUS

Spare radio helmet kit with  
earcups and microphone  
suitable for HP10 WW and  
MAG-10 RALLY CARBON WW

A Rally communication system is a high-performance intercom designed for extreme motorsport conditions, enabling crystal-clear interaction between driver and co-driver. Built with advanced noise-cancellation algorithms, it isolates and enhances the voice and it eliminates engine roar and road vibrations. Zeronoise systems integrate digital processors, adaptive noise cancelling and voice isolation, and the possibility to set easily audio parameters. IP-rated housings ensure durability against dust, water, and shocks, while wireless and wired options deliver seamless, encrypted connectivity.

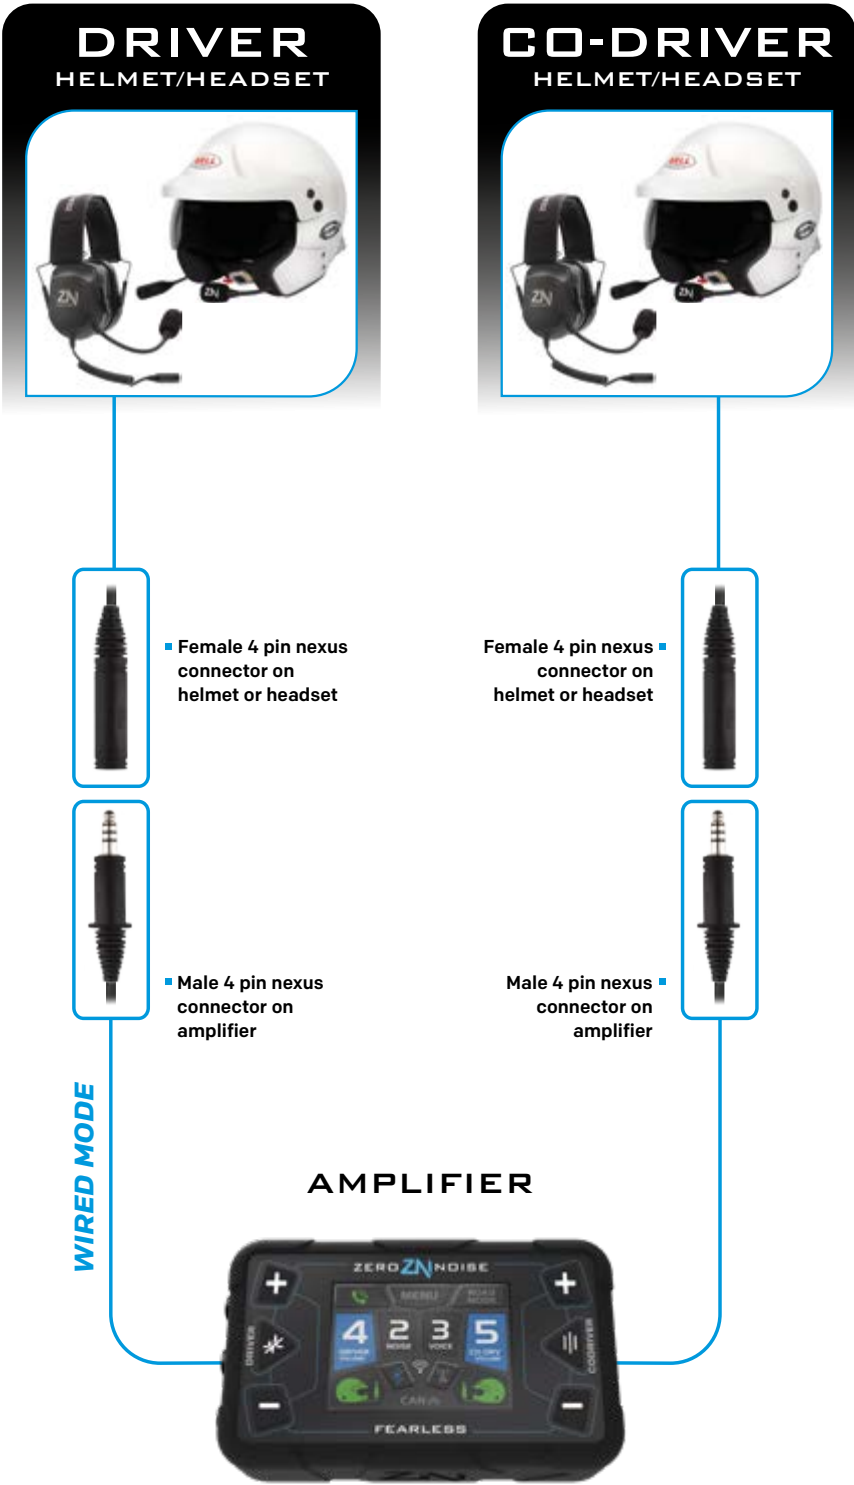

The intercoms also allow multiple connectivity options such as Bluetooth, Radio, Can-bus, and wi-fi to enable a full integration in every autoracing environment.

Zeronoise systems transform chaotic rally environments into zones of flawless communication—boosting speed, safety, and competitive edge.

COMPONENTS

- Amplifiers
- Extensions and adaptors (if needed for different connector systems, e.g. components produced by other manufacturers)
- Helmet radio kits
- Headsets

# FEARLESS

DIGITAL AMPLIFIER FOR RALLY USE  
125 x 70 x 35 mm

6100046 € 425,00 (Z)

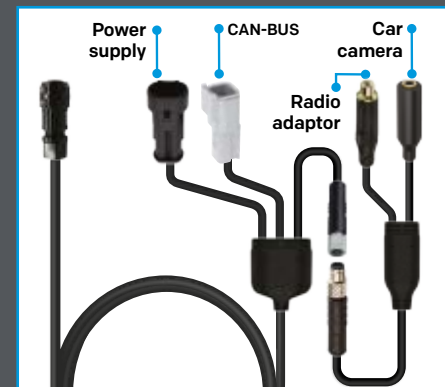

The FEARLESS Digital Amplifier has been completely re-engineered to a rugged, IP65-rated device designed for motorsport environments, offering superior dust and water protection. It features a 36% larger display for better visibility, a silicone keyboard for reliable tactile feedback, and panel-mounted Nexus connectors for enhanced durability. Powered by a digital processor with ClearVoice™ technology, it reduces background noise and it isolates the voice. Users can adjust audio settings and fine-tune parameters remotely via the ZeroNoise App. It is compatible with Bell helmets, ZeroNoise headsets, and other Nexus-based systems.

## FEATURES

- Clearvoice(TM) technology with adaptive noise cancelling and voice isolation
- Multifunction touch display (It works with gloves)
- Bluetooth
- Anti shock, anti vibration silicon cover
- Dual volume adjustment
- Easy fix system on roll bar or dashboard
- IP67 connectors for protection and easy replacement
- CAN-Bus integration with the car's control system
- Full Wi-Fi control from smartphone or tablet

## INCLUDED IN THE BOX

- Audio Out for car camera
- Audio IN/OUT radio connection
- 12V Filtered power cable
- CAN-BUS

# FEARLESS

## WRC CAN-BUS

PRO DIGITAL AMPLIFIER FOR RALLY USE  
180 x 140 x 45 mm

6100036 € 1.250,00 (Z)

FEARLESS WRC Can-Bus is a professional solution for the most demanding teams and drivers. The intercom features two units inside the box for full reliability, the second being a back up unit that exactly replicates the first one. The Can-bus interface provides full accessibility to the intercoms commands on the dashboard of the car, therefore FEARLESS WRC Can-Bus can be placed anywhere in the car where it is more convenient. The audio performance is the one of the Fearless standard and it integrates Clearvoice™ technology for noise cancelling and voice isolation and enhancement. On the outside, there are Deutsch connectors to ensure compliance to a motorsport standard.

**ONLY AVAILABLE UPON REQUEST WITH CUSTOM CONFIGURATION**

## DRIVER/CO-DRIVER CABLE NOT INCLUDED WITH AMPLIFIER

**6100037** € 460,00 (Z)

Wires and Deutsch connectors from the Fearless WRC CanBus amplifier to the car.

# FURY OFFROAD

DIGITAL AMPLIFIER FOR RALLY USE

125 x 70 x 35 mm

6100045 € 275,00 (Z)

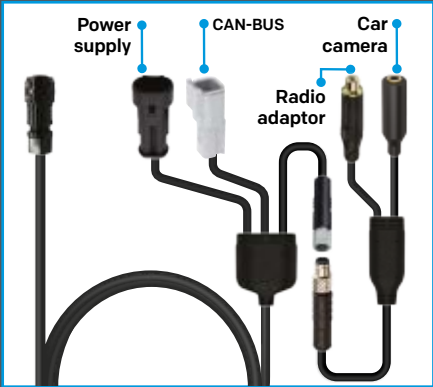

FURY combines the digital sound quality with the simplicity of use. It integrates Clearvoice™ technology for voice isolation in a simple ready-to use package that has been upgraded with IP protection from water and dust for Offroad use. The four pre-set buttons had been carefully designed to refine the sound in any condition. They both work independently or combined. TERRAIN: The noise cancelling algorithm focusses on the noises coming from the road surface. BOOST: It enhances the voice volume output for the most demanding drivers. ENGINE: This pre-set is effective on the noises coming from the engine. ROAD/STAGE: Stage mode turns off the radio output, so the communication is solely between drive and co-driver for maximum focus.

### FEATURES

- Clearvoice(TM) technology with adaptive noise cancelling and voice isolation
- Anti shock, anti vibration silicon cover
- Dual volume adjustment
- Easy fix system on roll bar or dashboard
- Remote firmware upgrades via Wi-Fi
- IP67 connectors for protection and easy replacement
- CAN-Bus integration with the car's control system
- Full Wi-Fi control from smartphone or tablet
- Sound presets for terrain and engine noise
- Boost function for clearer voice levels

### INCLUDED IN THE BOX

- Audio Out for car camera
- Audio IN/OUT radio connection
- 12V Filtered power cable
- CAN-BUS

# FEARLESS OFFROAD

DIGITAL AMPLIFIER FOR RALLY USE

125 x 70 x 35 mm

6100047 € 505,00 (Z)

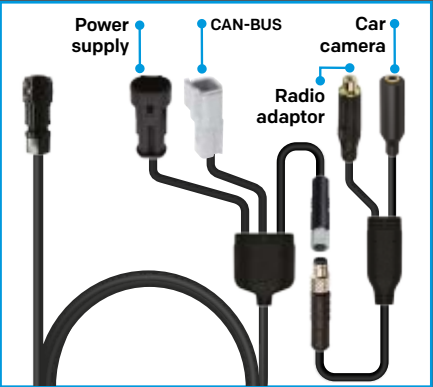

The FEARLESS OFFROAD amplifier includes all the features of the standard Fearless with enhanced water and dust resistance for use in demanding environments. It does not include Bluetooth, or any external connectivity as these features had been disabled at the factory to meet specific regulations. Each unit comes with a Factory Certificate to confirm full compliance with the relevant standards.

### FEATURES

- Clearvoice(TM) technology with adaptive noise cancelling and voice isolation
- Multifunction touch display (It works with gloves)
- External connectivities disabled by the factory
- Anti shock, anti vibration silicon cover
- Dual volume adjustment
- Easy fix system on roll bar or dashboard
- IP67 connectors for protection and easy replacement
- CAN-Bus integration with the car's control system

# VALIANT

CLUB AMPLIFIER FOR RALLY USE

135 x 65 x 30 mm

6200029 € 89,00 (Z)

**VALIANT** is the entry level analog amplifier of ZERONOISE. It is easy to use, solid and straightforward, a good choice for amateurs and beginners. It is powered by the internal 9v battery, or the 12v power cable that connects VALIANT directly to the car battery. It also features 6.35mm connectors and car camera RCA socket for audio output.

## FEATURES

- Analog noise filter
- Efficient amplification for long battery life
- Anti shock, anti vibration silicon cover
- Dual volume adjustment
- 9V Internal battery and 12V power cable
- ON/OFF led light
- Audio Out for car camera
- Easy fix system on roll bar or dashboard

## AVAILABLE CONNECTOR

Amplifier with Female stereo 6.35 mm

COMMUNICATION SYSTEM

The Circuit Systems enable communication between the car and the pit with a standard phone call, through a professional intercom system connected via bluetooth to the smartphone, as well as in-car communication between driver and co-driver/instructor. PIT LINK allows you to connect up to two people in the car, as well as more cars and more people at the pit by using the conference call feature of the smartphone.

COMPONENTS

- Pit link GSM amplifier
- Helmet radio kits
- Headsets for driver or co driver
- Extensions and adaptors (if needed for different connector systems, e.g. components produced by other manufacturers)
- Pit Link headset for the pit crew
- PTT button for call

- PLEASE READ THE INSTRUCTIONS CAREFULLY BEFORE USING -

NICK DE VRIES

# PIT-LINK

DIGITAL AMPLIFIER FOR CIRCUIT USE  
125 x 70 x 35 mm

6100048 € 555,00 (Z)

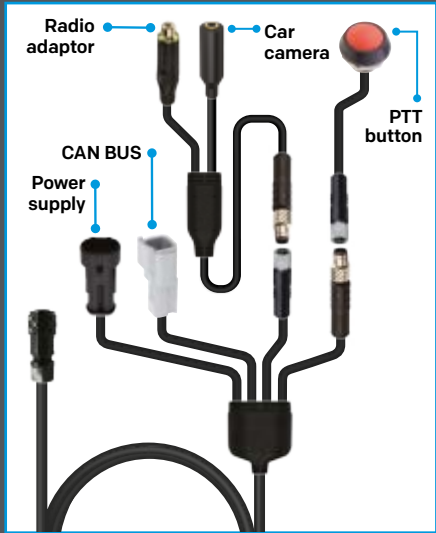

The PIT-LINK Amplifier is a fully redesigned communication system for circuit. The system supports a GSM phone call through Bluetooth connectivity for simultaneous (duplex) car-to-pit communications, activated automatically or via a push-to-talk button. It is the alternative to a traditional VHF/UHF radio with no need of licenses and repeaters. It features a 36% larger display, a silicone keyboard for reliable tactile feedback, and durable panel-mounted connectors. At its core, ClearVoice™ technology isolates and enhances voice clarity, with adjustable settings. Additional features include RCA output for cameras, radio connection, and a 12V power cable.

### FEATURES

- Digital active noise filtering
- Multifunction touch display (with gloves)
- Bluetooth as a car-to-pit communication tool
- Anti shock, anti vibration silicon cover
- Dual volume adjustment
- Easy fix system on roll bar or dashboard
- IP67 connectors for protection and easy replacement
- CAN-Bus integration with the car's control system
- Full Wi-Fi control from smartphone or tablet

### CABLE INCLUDED

- Audio Out for car camera
- Audio IN/OUT radio connection
- 12V Filtered power cable
- PTT button
- CAN BUS

### NEXUS CONNECTOR

PIT-LINK TRAINER is the micro amplifier designed to be the perfect communication tool for karting. PIT-LINK TRAINER is a Bluetooth Digital Amplifier that allows to communicate with the pit during a training session. You can wear it around your neck and keep it inside your suit. The digital noise cancelling makes the communication smooth by reducing the noise around the driver. Communication is automatically on when the phone call is incoming. No need to press anything. The pit crew will connect to the driver through a normal phone call. PIT-LINK TRAINER requires PIT-LINK MICROPHONE KIT and PIT-LINK EARPLUGS to be setup in the helmet.

Straps. 2" With restraint elastic strap.  
Compliant with FIA rules.

# RACING PEDALS AND FOOTRESTS

## 3 PEDALS SET

OA0-1040 € 38,00 (A)

Complete 3 pedal set with short accelerator pedal in silver anodized aluminium. Inserts: rubber anti-slip.  
**Dimens. brake:** 60x80 mm  
**Dimens. accelerator:** 60x105 mm  
Supplied with steel bolts

## 3 PEDALS SET

OA0-1069 € 31,00 (A)

Complete 3 pedal set, in anodized aluminium and sandblasted aluminium, with long accelerator pedal; anti-slip design.  
**Dimensions brake:** 60x80 mm  
**Dimensions accelerator:** 65x180 mm  
Colours: blue ((OA/1069/B), silver (OA/1069/A).

## 2 PEDALS SET (NO PICTURE)

OA0-1072 € 31,00 (A)

Same features of OA/1069 model with 2 pedal set with long throttle pedal; brake pedal for automatic transmission.  
**Dimens. brake:** 140x79 mm  
**Dimens. throttle:** 65x180 mm  
Supplied with steel bolts. Colours: black (OA/1072/N), silver (OA/1072/A).

## FOOTRERST

OA0-2070 € 31,00 (A)

Driver's left footrest in knurled aluminium.  
**Dimensions:** 285x120 mm

## FOOTRERST

OA0-1867 € 30,00 (A)

Driver's left footrest for left foot, in sandblasted aluminium. Supplied with steel bolts and brackets.  
**Dimensions:** 260x100 mm

## FOOTRERST

OA0-2060 € 75,00 (A)

Co-driver's footrest in knurled aluminium.  
**Dimensions:** 335x300 mm

## FOOTRERST

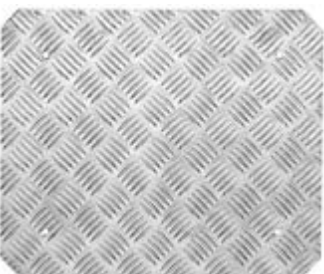

OA0-1866 € 53,00 (A)

Co-driver's footrest in sandblasted aluminium. Supplied with steel bolts and brackets.  
**Dimensions:** 320x280 mm

## FOOTRERST

OA0-2080 € 37,50 (A)

Universal flat footrest in knurled aluminium.  
**Dimensions:** 365x418 mm

## 3 PEDALS SET

OA0-1010 € 39,00 (A)

Complete 3 pedals in sandblasted aluminium, with a long accelerator pedal. Supplied with steel bolts.  
**Dimensions brake:** 60x100 mm  
**Dimensions accelerator:** 60x210 mm

## 3 PEDALS SET

OA0-1020 € 29,00 (A)

Complete 3 pedals in sandblasted aluminium, with a long accelerator pedal. Supplied with steel bolts.  
**Dimensions brake:** 60x70 mm  
**Dimensions accelerator:** 60x210 mm

## 3 PEDALS SET

OA0-1030 € 24,50 (A)

Complete 3 smooth aluminium pedals, suitable for rally use, already drilled and countersunk. Supplied with steel bolts.  
**Thick:** 3 mm

## 3 PEDALS SET

OA0-1000 € 35,00 (A)

Complete 3 pedals in sandblasted aluminium. Supplied with steel bolts.  
**Dimensions brake:** 60x100 mm  
**Dimensions accelerator:** 60x100 mm

## 3 PEDALS SET

OA0-1863 € 23,00 (A)

Complete 3 pedals in sandblasted aluminium. Supplied with steel bolts.  
**Dimensions brake:** 60x70 mm  
**Dimensions accelerator:** 85x120 mm

## 3 PEDALS SET

OA0-1050 € 21,00 (A)

Same features as partnumber OA/1030, but the surface of the pedals is in knurled aluminium and can be shaped as needed.  
**Thick:** 2,5 mm

# CO-DRIVER ACCESSORIES

## CO-DRIVER PLUS

OBO-2980 € 60,00 (P)

Lightweight sporty bag with shoulder strap and organizational features included plenty of internal and external accessory pockets. Ideal for co-drivers.

DIMENSIONS: 40X34X20 CM

**RACING SUIT-INSPIRED  
DESIGN INSERT**

## CO-DRIVER MAP LIGHT

# OMP E-RACING GTR COCKPITS

OMP started a new exclusive partnership with Playseat®, the world's leading company in racing simulation cockpits. The new OMP e-racing GTR cockpit stands out for the integration with the HTE-R or Champ-R seats, the same FIA-homologated products developed by OMP for real-world racing. The virtual driving experience becomes even closer to the real thing, by perfectly replicating the ergonomics of GT, Touring and Rally cars.

The sim racers more focused on single-seater cars can opt for the Playseat® Formula model, successfully used by many globally renowned drivers.

All the sim rigs are fully compatible with any console, steering wheel, pedal board and simulation platform on the market.

## HTE-R SEAT

ER0-0001 € 1.105,00 (D)

The OMP e-racing GTR cockpit is built around the renowned OMP seats. These racing seats used in real racing enable to replicate the ergonomics of GT, Touring and Rally cars.

## CHAMP-R SEAT

ER0-0002 € 900,00 (D)

The OMP e-racing GTR cockpit is built around the renowned OMP seats. These racing seats used in real racing enable to replicate the ergonomics of GT, Touring and Rally cars.

# OMP E-RACING COCKPITS

## FORMULA COCKPIT

ER0-0003 € 983,00 (D)

The OMP e-racing custom Formula seat is ideal for sim racers focused on single-seater cars. It has been successfully tested by many globally renowned drivers and features a dedicated OMP colour scheme.

# TERM SALE

By placing an order, the buyer accepts and unconditionally agrees with the conditions described in this document, and undertakes to follow them during the course of the business relationship with Racing Force, declaring to have read and accepted them. The buyer also agrees that Racing Force don't consider themselves bound to different conditions, except where agreed in writing in advance. The buyer accepts the terms of sale indicated below. In the event of any legal dispute, the Court of Genoa, Italy, is competent. Racing Force reserves the right to modify the terms of sales anytime, also in view of possible regulatory changes. The new Terms Of Sale will be effective starting from the date of publication on OMP Racing official website ([www.ompracing.com](http://www.ompracing.com)). For any request of clarification or complaint, contact the following email address: [info.rf@racingforce.com](mailto:info.rf@racingforce.com)

**CHARACTERISTICS AND PRICES OF PRODUCTS** The price indicated are VAT excluded. The characteristics and technical data of the items presented in this catalogue are not binding and can be changed without notice. The products' colors can also be considerably altered.

**RETURNED ITEMS – DELIVERY TIME** Racing Force is not responsible for delayed deliveries and will not pay for possible consequent damages. Returned goods will be accepted only when authorized by Racing Force, provided with regular goods return note, and carriage paid. Racing Force will charge all the costs deriving from damages on the returned goods or missing parts. Defective or not functioning items that will be returned after having been purchased will be repaired in the necessary time and will not be substituted by new ones in any way. Orders made in writing (fax, mail, e-mail, etc.) will be considered automatically confirmed and will be forwarded in accordance with the normal procedure. The goods travel at the risk of the consignee, and any damage caused during the carriage will be charged to the consignee.

**CARE AND MANTAINANCE** Before the use of any item, carefully read the labels and the user's manual, and strictly follow the instructions. Improper use or maintainance can reduce the effectiveness of the item, provoke untimely wear and increase the risk of serious or lethal injuries in case of accident or fire. Improper use or maintainance void the guarantee and relieve Racing Force from any responsibility towards the user.

# WARNING

Motorsport is an intrinsically dangerous activity, that can result in serious or lethal injuries. The items described in this catalogue provide for protection on specific parts of the body for a a limited period of time in controlled test conditions, in accordance with the FIA standard specified on each item's label. No device can provide a complete protection from every injury in case of accident or fire. The user, at the time when he uses the products, relieves the manufacturer, the distributor, the owner, the employees, the agents, the sales representatives from any responsibility. It is the user's responsibility to become familiar with all available informations about the correct use and maintainance of the products. If uncertain of the correct use and maintainance, the user must not use the products. The manufacturer, the distributor and their respective owners, employees, agents and representatives are not responsible for mistakes or omissions.

## DISCLAIMER

- Each personal safety device is part of a complete safety system including the other racewear products, protections, the vehicle, the racetrack, the event organization.  
- Personal safety products are not conceived to provide the same performance level or protection through the whole specific product. Different parts or areas of the product can provide different levels of protection, in spite of the fact that they may appear the same.  
- Personal safety products must always be inspected before use and replaced after any evidence of wear, and after exposure to chemicals, excessive heat or any unusual condition.  
- Products are sold to be used in legally sanctioned autosport events only, and are not intended to be used and/or installed for regular street use, as street use safety products are subject to different homologations and laws depending on the State or country.

- It is the user's responsibility to become familiar with all available informations about the correct use and maintainance of the products. If uncertain of the correct use and maintainance, the user must not use the products. The manufacturer, the distributor and their respective owners, employees, agents and representatives are not responsible for mistakes or omissions.  
- Every single modification or customization of the products, and every operation on them may reduce their security features. Thus, the user is responsible at his own risk for the reduction of security features caused by modification or customization.

## BY THE USE OF THESE PRODUCTS, THE USER ACKNOWLEDGES:

That each personal safety device is part of a complete safety system including the other racewear products, protections, the vehicle, the racetrack, the event organization; that personal safety products are not conceived to provide the same performance level or protection through the whole specific product. Different parts or areas of the product can provide different levels of protection, in spite of the fact that they may appear the same; that personal safety products must always be inspected before use and replaced after any evidence of wear, and after exposure to chemicals, excessive heat or any unusual condition.  
That the helmet is conceived and designed to reduce the risk of cranial and facial injuries only in case of impact. That no helmet can protect against any possible and foreseeable impact. That helmets are not recommended and sold for high-risk jobs such as refuelers.
